

Vélo SOUTH

Velo South Cycle Race – Road Closures Sunday 23rd September 2018

To all our customers visiting over the weekend of 23rd September the Velo South cycle event may cause disruption to your travel arrangements.

The main area of the cycle route that could cause disruption to visitors to Sumners Ponds is section 9 shown on the map below. The road that passes through Barns Green from Southwater in the east through to the junction with the A264 in the north will be closed between 7.15am until 2.30pm.

For routes both to the north and south we recommend accessing and exiting Barns Green from the south via Coolham on the A272. Here you can access the A24 and head north towards Horsham and south towards the south coast.

For more information see www.velosouth.com/the-route/road-closures
