Notes to Application

It is extremely important to us and our valued customers that only people who are responsible and of good character are fishing at night. Members need to feel secure and know that their environment is as safe as it can be, and that their pleasure will not be spoilt by unnecessary noise and unruly behaviour.

We therefore request that all applicants are either known to us through regular daytime visits, are recommended by another fishing club, fishery or person of some standing in the community e.g. policeman, doctor, bank manager or Justice of the Peace (JP).
