

Weddings

at Sumners Ponds

Thank you for considering Sumners Ponds as your wedding venue. We are excited to be involved in your special day.

Sumners Ponds is a fishery and a campsite situated on a 100 acres of lakes, woodland, peaceful meadows and pasture in the picturesque village of Barns Green, West Sussex. The venue is easily accessible from neighbouring towns and villages such as Southwater, Billingshurst and Horsham.

We work exclusively with Beautiful World Tents who specialise in providing the most amazing tipi tents to make your special day that much more unique and memorable. For more information please see www.beautifulworldtents.co.uk or call them on 01403 741299.

The hire of the venue at Sumners Ponds includes the exclusive use of the Wedding Field and its neighbouring lake nestled away in a more private corner of the farm so you'll have endless opportunities for some stunning waterside photos.

From then on it is your event to organise so you can tailor your own personal wedding day but we will be on hand if you need any advice.

The cost of the hire of the Wedding Field and lake for your wedding in 2019 is £1900.00.

For all enquiries please call 01403 732539 or email events@sumnersponds.co.uk.
